

Field Day is June 27 & 28, 2015 South Seattle College in the SE corner of the campus in a field behind Olympic Hall. See ARRL's Field Day Locator to pin point the site. <http://www.arrl.org/field-day-locator>

Operations begin at 11:00 Saturday (June 27) and end 24 hours later.

Seattle Auxiliary Communications Service (ACS) will join with PSRG for set up on Friday June 26<sup>th</sup> 2015 and of course we will operate together for the weekend. A careful take down will start after the contest closes on Sunday. We are approaching other clubs/organizations in the area about joining us. Stay tuned.

### **You are welcome to join the FUN!**

Operators and loggers can sign up on-site during the event. To volunteer or offer equipment write to Doug Kingston, Chair at: [KD7DK@arrl.net](mailto:KD7DK@arrl.net)

What we need:

- Volunteers for set up on Friday (exact time to be determined).
- Station Captains – to take charge of each station. We need three (3).
- Volunteers for takedown Sunday after the contest.
- Operators for field day can sign up on-site during the event.
- One HF Beam Antenna.

### **You are welcome to just come and hang out!**

**Curt, WR5J, at the Field Day 2014 Get-On-The-Air (GOTA) Station. He's helping three new hams on their first field day.**

## **Antenna Party before Field Day**

This is just to confirm that we will be having a pre-Field Day antenna party on Sunday June 14th. Precise time and location is still to be confirmed but please ask people who are interested to hold this date on their calendars. Last year it ran roughly 11am to 4pm or so with a simple picnic in the middle. This year we will be working on getting some new antennas tested and fixing up and hopefully testing some other antennas. People are welcome to bring other antenna projects as well as there will be expertise and tools to help. All are invited.
